Describe the circumstances of this incident as you know them. Include if possible the source and cause of the incident, any injuries or wildlife impact, and response actions.

A sheen on the water was reported by a marina customer. 2 SBM staff members responded and placed a 100' sweep around F/V NJORD after witnessing a bilge discharge of rainbow sheen. We stuffed 2 gaps in the dock to contain the sheen. I witnessed 2 or 3 5 second releases from a through hole midships on the port side.
