CITY OF SEATTLE ORDINANCE No. 125578 COUNCIL BILL No: 119250 AN ORDINANCE relating to taxation; adding a new Chapter 5.37 and a new Chapter 5.38 to Title 5 of the Seattle Municipal Code; and amending Sections 5.30.010, 5.30.060, 5.55.010, 5.55.040, 5.55.060, 5.55.150, 5.55.165, 5.55.220, and 5.55.230 of the Seattle Municipal Code. WHEREAS, Seattle is a city of great prosperity that has experienced tremendous growth of its economy and population; however, this growth and prosperity has directly contributed to the rapid increase in the number of individuals and families experiencing homelessness; and WHEREAS, a national study published in the *Journal of Urban Affairs* established the correlation between increasing rent and homelessness. Some of the report findings include: (1) Washington is the tenth most expensive state for renters; (2) the high cost of rental housing is driving increases in homelessness; and (3) an increase of \$100 in median rent for an area results in a 15 percent (metro areas) and a 39 percent (nearby suburbs and rural areas) increase in homelessness; and WHEREAS, the U.S. Internal Revenue Service states that “a progressive tax takes a larger percentage of income from high-income groups than from low-income groups and is based on the concept of ability to pay”; and WHEREAS, the *Seattle Times* recently wrote that “Seattle rents have soared 65 percent since 2010. The typical Seattle renter now pays about \$21,900 for rent over the course of a year, up from \$13,200 at the start of the decade.”¹ That same article also highlighted that the average two-bedroom apartment in Seattle costs \$2,000 a month for the first time in Seattle’s history and that “rents across the Puget Sound region are still rising faster than the historical norm, and the market remains hotter than most other U.S. cities”; and WHEREAS, according to the 2017 Seattle/King County Point-in-Time Count, there are at least 3,857 individuals living unsheltered in Seattle, in addition to at least 4,665 more individuals who are experiencing homelessness but are sheltered, for a total of no fewer than 8,522 individuals in the City who are experiencing homelessness on any given night; and WHEREAS, on November 2, 2015, the Mayor of Seattle issued a Proclamation of Civil Emergency related to homelessness; on November 3, 2015, the City Council adopted Resolution 31630 ratifying and confirming the Mayor’s Proclamation of Civil Emergency; and the civil emergency remains in effect. More than two years later, the City has not received additional support from Washington State or the federal government, and there are now roughly 38 percent more Seattle residents who are homeless and living unsheltered than just two years ago; and WHEREAS, according to the Housing Development Consortium, Seattle households at or below 30 percent of Area Median Income (AMI) had a “housing gap” of 17,161 units in 2016, and this “housing gap” is projected to grow to 27,481 units by 2030; and WHEREAS, the City’s Housing Affordability and Livability Agenda is projected to create approximately 6,000 new housing units affordable to households with at or below 30 percent AMI over the next ten years, which will still leave a severe shortage of housing for low-income residents who are either currently unsheltered or at risk of becoming unsheltered; and WHEREAS, The City of Seattle and the non-profit sector cannot address the twin crises of homelessness and lack of affordable housing on their own. In addition, existing resources at the City’s disposal—including state, county, federal and private resources—have been inadequate despite the best efforts of many individuals and publicly and privately managed programs; and WHEREAS, all sectors of our society must work together to address and resolve the civil emergency related to homelessness, and to ensure that there are sufficient resources to realize Seattle’s and King County’s commitment to making sure that no person experiences homelessness; that if one does, it is rare, brief and only a one-time occurrence; and that racial disparities are eliminated. This collaborative effort requires the active engagement of interested and affected stakeholders, including non-profit organizations, affordable housing providers, faith and civic leaders, businesses, labor, and community members; and WHEREAS, on November 20, 2017, the City Council unanimously adopted Resolution 31782, establishing a process by which The City of Seattle will determine new progressive revenues including an Employee Hours Tax, expressing the City Council’s intent to impose such potential revenues, and expressing the City Council’s intent to make investments with these revenues that would assist people who are homeless or at a high risk of becoming homeless in obtaining and retaining stable housing; and WHEREAS, Resolution 31782 established a Progressive Revenue Task Force (“Task Force”) and requested that the Task Force evaluate and determine “appropriate tax rates and possible exemption levels that are expected to yield between \$25 million and \$75 million in revenue per year”; and WHEREAS, the Progressive Revenue Task Force’s March 9, 2018, final report recommended that the City seek to collect \$75 million from a new Employee Hours Tax, a new Payroll Tax, or both to address homelessness and affordable housing; and WHEREAS, the City will enact an employee hours tax to be followed and replaced by a business payroll tax, but because of uncertainty in the timeline due to administrative processes, if the imposition of the business payroll tax is delayed then the employee hours tax will remain in effect; and WHEREAS, the City intends to exercise its taxing authority, as granted by the Washington State Constitution and as authorized by the Washington State Legislature; and WHEREAS, the City intends to spend the proceeds of a new business tax as described in the spending plan in Resolution 31810; NOW THEREFORE, **BE IT ORDAINED BY THE CITY OF SEATTLE AS FOLLOWS:** Section 1. A new Chapter 5.37 is added to the Seattle Municipal Code as follows: **Chapter 5.37 EMPLOYEE HOURS TAX 5.37.010 Administrative provisions** All of the provisions contained in Chapter 5.55 shall have full force and application with respect to taxes imposed under the provisions of this Chapter 5.37 except as may be expressly stated to the contrary herein. **5.37.020 Definitions** The definitions contained in Chapter 5.30 shall be fully applicable to this Chapter 5.37 except as may be expressly stated to the contrary herein. The following additional definitions shall apply throughout this Chapter 5.37: “Employee” means any person who performs work, labor, or services for a business, is on the business’s payroll, and performs any part of their duties within the City of Seattle. For purposes of this Chapter 5.37, the term “employee” also includes all full-time, part-time, and temporary employees or workers on the business’s payroll. A business’s payroll includes the payroll of any related company that acts as a paymaster for the related entities. Members of limited liability companies, and partners shall be considered employees. “Full-time employee” means an employee who works at least 480 hours in a quarter of a calendar year. “Part-time employee” means an employee who works fewer than 480 hours in a quarter of a calendar year. “Payroll” means the remuneration by a business to the employees who perform work, labor, services, or make other similar contributions for the business. Payroll includes, but is not limited to, salaries, wages, tips, or other draws or distributions made to employees, officers, partners, or members of limited liability companies and professional limited liability companies as compensation for their labor and services. **5.37.030 Tax imposed—Measure of the tax A.** An employee hours tax is hereby levied upon and shall be collected from every person for the act or privilege of engaging in business activities within the City. The tax shall be measured by the number of employee hours of work conducted within the City during each quarter of the calendar year. B. The amount of the tax shall be equal to the employee hours worked within the City during each quarter of the calendar year, multiplied by the rate of \$0.14323 per hour worked. The employee hours worked exclude vacation and sick leave hours. If an employee works both within and outside the City, it will be the responsibility of the business to calculate and report the number of hours worked within the City. C. Alternative Full Time Equivalent (FTE) calculation method. A business may choose to calculate its quarterly employee hours tax based on the number of its FTE employees as follows: 1. Calculation of FTEs. The number of FTE employees for each quarter of the calendar year is (a) the number of a business’s full-time employees for the quarter, plus (b) the sum of the hours worked by part-time employees in the quarter divided by 480 hours. 2. Tax. Any fractional FTE remaining after the determination of FTE employees under subsection 5.37.030.C.1 shall be rounded up to the nearest whole number. Once the number of FTE employees is thus determined, that number shall be multiplied by \$68.75 to determine the quarterly employee hours tax. D. Businesses with more than one place of business must use the same method of calculation for all places of business. E. The tax applies to employee hours worked or FTEs inside the City regardless of whether the place of business is located within or outside the City. F. Temporary employment agencies that supply temporary employees to businesses engaging in business activities within the City, and pay the temporary employee’s salary or other compensation, shall report and pay the tax on all such temporary employees. Businesses engaging in temporary employees who are on the business’s payroll shall report and pay the tax on the employee hours of such temporary employees, whether or not they are from an employment agency. G. The employee hours tax imposed by this Section 5.37.030 shall be in effect from January 1, 2019 through December 31, 2023. All employee hours tax obligations under this Chapter 5.37 for 2019 through 2023 will remain in effect and due and payable as scheduled. **5.37.040 Employee hours tax—When due** Taxpayers that file and pay their business license tax under Chapter 5.45 on a quarterly basis shall file and pay the employee hours tax on a quarterly basis and taxpayers that file and pay their business license tax under Chapter 5.45 on an annual basis shall file and pay the employee hours tax on an annual basis. Taxpayers shall report the employee hours tax on forms as prescribed by the Director. Taxpayers discontinuing their business activities in Seattle shall report and pay the employee hours tax at the same time as their final business license tax return under Chapter 5.45 is due. **5.37.050 Exemptions from the employee hours tax A.** The following are exempt from the employee hours tax: 1. Any business having taxable gross income under Chapter 5.45 of \$20,000,000 or less in the most recent complete calendar year. 2. Businesses that are preempted from taxation by cities pursuant to federal or statutes or regulations, including, but not limited to, the following: a. Businesses engaged primarily in the provision of comprehensive healthcare services, including primary and specialty care, that provide at least 25% of their services to patients covered by Medicaid or Medicare and to patients who have no third-party payor. **5.37.060 Tax in addition to other license fees or taxes** The tax imposed herein shall be in addition to any license fee or tax imposed or levied under any other law, statute or ordinance whether imposed or levied by the City, the State, or other governmental entity or political subdivision. **5.37.070 Tax part of operating overhead** It is not the intention of this Chapter 5.37 that the taxes herein levied upon persons engaging in business be construed as taxes upon the purchasers or customers, but that taxes shall be levied upon, and collectible from, the person engaging in the business activities herein designated and that such

taxes or fees shall constitute a part of the operating overhead or cost of doing business of such persons. **5.37.080 Rules and regulations** The Director shall adopt, publish, and enforce rules and regulations not inconsistent with this Chapter 5.37 for the purpose of carrying out the provisions of this Chapter 5.37, including but not limited to rules to determine employee hours worked within the City.
