**Subject:** ICE Detainers/holds

To all staff

Because of a recent Federal Court ruling out of Oregon we are going to be changing our current practice on the way we are handling ICE detainer/holds ( I 247 forms) . Effective immediately we will no longer hold inmates on the ICE detainer/holds past the length of their current local charges unless ICE provides a I 203 form taking custody of the inmate. If you have any question feel free to contact me.

Staff

As I explained in the recent past we will **NOT** be accepting any ICE detainers (I247) forms to hold inmates. They have to have an ICE warrant (I200) to be able to be put into ICE Custody at the completion of their local charges.
