This is why Paul is panicking about 44

... yep

I do think our path to a map goes through this. The map we sent over at Inslee performance just shy 57 in 44th i believe

Great! If your team is good with the 44th where you have it, then I think we just need to figure out how we draw it. Joe is worried about Lake Stevens (need to protect April Berg) but I think that's a small thing.

Thoughts on improving 28 and 42 in exchange? My 44th is really high and we'd be giving
