CASCADE PBS | Elway Poll

2024 Election: 6 months out

An independent nonpartisan analysis of public opinion trends in Washington and the Pacific Northwest.

The cross tabulations found in this report are presented in a "banner table" format. Categories of respondents (e.g. "35-54 years old," or "Female") are listed across the top of each page (the "banner"). The questions asked in the survey are listed down the left margin. The figures in the cells are percentages based on the number of respondents in the category at the head of each.

INITIATIVES

The next few questions are about some voter initiatives that will be on the November ballot. Each of these initiatives would repeal existing laws.

ROTATE Q7 – Q8 – Q9

7 **Initiative 2117** would prohibit state agencies from imposing any type of carbon tax credit trading, including "cap and trade" or "cap and tax" programs, regardless of whether the resulting increased costs are imposed on fuel recipients or fuel suppliers. It would repeal sections of the 2021 Washington Climate Commitment Act, including repealing the "cap and invest" program to reduce greenhouse gas emissions by specific entities.

As things stand today, how are you inclined to vote?

ROTATE TOP/BOTTOM		NET
29	Definitely Yes to repeal the cap-and-trade program	
12	Probably Yes	41
15	Probably No	31
16	Definitely No to keep the cap-and-trade program	
28	UNDECIDED	28

7.1 Supporters of the initiative say the state's cap and trade program is responsible for a gas price increase of up to 50 cents per gallon and does nothing to reduce carbon emissions.

Opponents say the program has capped emissions from major pollution sources and raised over $2 billion dollars in its first year for programs to fund climate change mitigation efforts and clean energy programs.

Given these arguments, are you inclined to vote FOR Initiative 2117 to repeal the Cap-and-Trade program? Or vote AGAINST it to keep the Cap-and-Trade program in place?

- 43 For / Repeal
- 34 Against / Keep
- 23 UNDECIDED

8 **Initiative 2019** concerns the state's new capital gains tax. If passed, it would repeal an excise tax imposed on the sale or exchange of certain long-term capital assets by individuals who have annual capital gains of over $250,000.

As things stand today, how are you inclined to vote?

ROTATE TOP/BOTTOM	NET
34 Definitely Yes to repeal the capital gains tax	
13 Probably Yes	47
15 Probably No	36
20 Definitely No to keep the capital gains tax	
17 UNDECIDED	17

8.1 Supporters of this measure say the capital gains tax is a step toward a state income tax and is not necessary, there is plenty of money in the state budget without it.

Opponents of the measure say that only 4,000 people paid the Capital Gains tax last year, but that provided nearly $900 million dollars to expand childcare, provide more early learning, and repair our schools.

Given these arguments, are you inclined to vote FOR Initiative 2019 to REPEAL the Capital Gains tax? Or vote AGAINST the initiative to KEEP it in place?

40 For / Repeal
41 Against / Keep
19 UNDECIDED

9 **Initiative 2124** concerns the state's new long-term care insurance program. It would provide that employees and self-employed people must elect to keep coverage and could opt-out any time. It would also repeal a law governing an exemption for employees.

As things stand today, how are you inclined to vote on Initiative 2124?

ROTATE TOP/BOTTOM	NET
30 Definitely Yes to make the program optional	
17 Probably Yes	47
9 Probably No	25
16 Definitely No to keep the program as it is	
28 UNDECIDED	28

9.1 Initiative supporters say the state's new long-term care program is seriously flawed and should not be mandatory.

Initiative opponents say making the program optional would seriously decrease state funding for long-term care.

Given these arguments, are you inclined to vote FOR Initiative 2124 to make the program OPTIONAL? Or AGAINST the initiative to KEEP the program as is?

45 For / Optional
27 Against / Keep as is
27 UNDECIDED
